- Figure 1: Schematic representation of the experimental design. The figure shows four rows of data collection points (circles) over time (0 to 100 minutes). The first row shows a constant temperature of 40°C. The second row shows a temperature profile that starts at 40°C and decreases to 30°C. The third row shows a temperature profile that starts at 40°C and decreases to 20°C. The fourth row shows a temperature profile that starts at 40°C and decreases to 10°C. The temperature profiles are indicated by lines connecting the data points.

- A line drawing of a person sitting on a portable toilet. The person is shown from the waist down, with their legs inside the toilet's opening. The toilet is a small, box-like structure with a handle on the side.

-
- A line drawing of a car's front door hinge area. A hand is shown using a screwdriver to pry off a plastic cover that protects the hinge mechanism.
